Functionality	Add New Participant Transfer/Change Transactions	Add a textbox and button for mass applying comments to the table of participants
Functionality	Add New Participant Transfer/Change Transactions	Restrict access to the "Comments" column to System Administrators and Analysts
Functionality	Add New Participant Transfer/Change Transactions	Restrict access to the textbox and button for mass applying comments to System Administrators and Analysts

Release 7.1 Features

Category	Sub-Category	Change
Functionality	Authorized Positions and Goals Upload	Add upload utility for Authorized Positions and Goals
Functionality	Authorized Positions and Goals Upload	Restrict access to the Authorized Positions upload to System Administrators and Analysts
Functionality	Authorized Positions and Goals Upload	Disable the calculation of modified slots at the Nationwide level
Functionality	Authorized Positions and Goals Upload	Remove the Save button from the Authorized Positions Grantee Data Entry page
Functionality	Authorized Positions and Goals Upload	Remove the Save button from the Authorized Positions State Data Entry page
Functionality	Authorized Positions and Goals Upload	Modify the rounding process of the Mod Ratio
Functionality	Database Registration	Move the title for the Database Registration page down onto the page
Functionality	Database Registration	Add introductory text to the Database Registration page
Functionality	Database Registration	Add an asterisk next to the Database Name field label on the Database Registration page
Functionality	Database Registration	Add an asterisk next to the Database Registration Number field label on the Database Registration page
Functionality	Database Registration	Add a "Delete" button to the Database Registration page when using the form to edit records
Functionality	Database Registration	Add a note regarding required fields to the Database Registration page
Functionality	Database Registration	Modify the Database Registration page to notify the user when the Database Name is not valued
Functionality	Database Registration	Modify the Database Registration page to notify the user when the Database Registration Number is not valued
Functionality	Database Registration	Modify the Database Registration page to notify the user when the combination of Database Name and Database Registration Number is already in use
Functionality	Database Registration	Modify the Database Registration page to notify the user when the Database Registration Number is already in use
Functionality	Database Registration	Modify the Database Registration page to notify the user when deleting a Database that it is connected to an existing MET record
Functionality	Database Registration	Add alt text to asterisks for required fields on Database Registration page
Functionality	Database Registration	Modify the Database Registration page to notify the user when a database was used to submit data or if it is associated with a user account
Functionality	Databases	Move the title for the Databases page down onto the page
Functionality	Databases	Add introductory text to the Databases page
Functionality	Databases	Change the "Met Data" link on the Databases page to a "MET Data" button
Functionality	Databases	Change the "New Database Registration" link on the Databases page to an "Add Database" button
Functionality	Databases	Add a "Databases" button to the Databases page
Functionality	Databases	Add a "Grantees" button to the Databases page
Functionality	Databases	Add a "Sub-Grantees" button to the Databases page
Functionality	Databases	Revise the format of the table on the Databases page to alternate the color of rows
Functionality	Databases	Revise the headers of the table on the Databases page to sort and to include a sort arrow icon
Functionality	Databases	Add alt text to column headers on the Database page

Release 7.1 Features

Category	Sub-Category	Change
Functionality	Databases	Add alt text to the buttons on the Database page
Functionality	Databases	Add alt text to the text fields on the Database page
Functionality	Grantee Info	Move the title for the Grantee Info page down onto the page
Functionality	Grantee Info	Add introductory text to the Grantee Info page
Functionality	Grantee Info	Add an asterisk next to the Grantee Code field label on the Grantee Info page
Functionality	Grantee Info	Add a "Delete" button to the Grantee Info page when using the form to edit records
Functionality	Grantee Info	Add a note regarding required fields to the Grantee Info page
Functionality	Grantee Info	Modify the Grantee Info page to notify the user when the Grantee Code is not valued
Functionality	Grantee Info	Modify the Grantee Info page to notify the user when the Grantee Code is already in use by another record
Functionality	Grantee Info	Modify the Grantee Info page to notify the user when the Effective Date is outside the acceptable range of dates
Functionality	Grantee Info	Modify the Grantee Info page to notify the user when the Effective Date is not in a valid date format
Functionality	Grantee Info	Modify the Grantee Info page to notify the user when the Effective Date is in the future
Functionality	Grantee Info	Modify the Grantee Info page to notify the user when deleting a Grantee record that it is connected to an existing MET record
Functionality	Grantee Info	Remove the "MET Data" link from the Grantee Info page
Functionality	Grantee Info	Add alt text to asterisks for required fields on Grantee Info page
Functionality	Grantee Info	Modify the Grantee Info page to notify the user when a grantee is associated with a user account
Functionality	Grantees	Move the title for the Grantees page down onto the page
Functionality	Grantees	Add introductory text to the Grantees page
Functionality	Grantees	Change the "New Grantee" link on the Grantees page to an "Add Grantee" button
Functionality	Grantees	Change the "Met Data" link on the Grantees page to a "MET Data" button
Functionality	Grantees	Add a "Databases" button to the Grantees page
Functionality	Grantees	Add a "Grantees" button to the Grantees page
Functionality	Grantees	Add a "Sub-Grantees" button to the Grantees page
Functionality	Grantees	Revise the format of the table on the Grantees page to alternate the color of rows
Functionality	Grantees	Remove the "Grantee Number" column from the table on the Grantees page
Functionality	Grantees	Remove the "RCIP Number" column from the table on the Grantees page
Functionality	Grantees	Add an "Old Grants?" column to the table on the Grantees page
Functionality	Grantees	Add an "Granting Extensions?" column to the table on the Grantees page
Functionality	Grantees	Revise the headers of the table on the Grantees page to sort and to include a sort arrow icon
Functionality	Grantees	Add alt text to column headers on the Grantee page
Functionality	Grantees	Add alt text to the buttons on the Grantee page
Functionality	Grantees	Add alt text to the text fields on the Grantee page
Functionality	MET Data	Move the title for the MET Data page down onto the page
Functionality	MET Data	Add introductory text to the MET Data page

Release 7.1 Features

Category	Sub-Category	Change
Functionality	MET Data	Change the "Add Met Record" link on the MET Data page to an "Add Met Data" button
Functionality	MET Data	Change the "Grantees" link on the MET Data page to a "Grantees" button
Functionality	MET Data	Change the "Sub Grantees" link on the MET Data page to a "Sub-Grantees" button
Functionality	MET Data	Change the "Databases" link on the MET Data page to a "Databases" button
Functionality	MET Data	Add a "Met Data" button to the MET Data page
Functionality	MET Data	Revise the headers of the table on the MET Data page to include a sort arrow icon
Functionality	MET Data	Add alt text to column headers on the MET Data page
Functionality	MET Data	Add alt text to the buttons on the MET Data page
Functionality	MET Data	Add alt text to the text fields on the MET Data page
Functionality	MET Records	Move the title for the MET Records page down onto the page
Functionality	MET Records	Add introductory text to the MET Records page
Functionality	MET Records	Add an asterisk next to the Database field label on the MET Records page
Functionality	MET Records	Add an asterisk next to the Grantee field label on the MET Records page
Functionality	MET Records	Add an asterisk next to the Sub-Grantee field label on the MET Records page
Functionality	MET Records	Add a note regarding required fields to the MET Records page
Functionality	MET Records	Modify the MET Records page to notify the user when a combination of Grantee, Sub-Grantee, Database and Submitter is already in use by another record
Functionality	MET Records	Modify the MET Records page to notify the user when a Database is not valued
Functionality	MET Records	Modify the MET Records page to notify the user when a Grantee is not valued
Functionality	MET Records	Modify the MET Records page to notify the user that a Sub-Grantee must be valued or "All Sub-Grantees for Selected Grantee" must be checked when creating a record
Functionality	MET Records	Modify the MET Records page to notify the user when a Sub-Grantee is not valued
Functionality	MET Records	Modify the MET Records page to notify the user when deleting a MET record that it is in use by other records
Functionality	MET Records	Add alt text to asterisks for required fields on MET Record Info page
Functionality	Participant Transfer/Change Transaction Details	Add a "Comments" column to the table of participants for viewing and editing comments
Functionality	Participant Transfer/Change Transaction Details	Add a textbox and button for mass applying comments to the table of participants
Functionality	Participant Transfer/Change Transaction Details	Restrict access to the "Comments" column to System Administrators and Analysts
Functionality	Participant Transfer/Change Transaction Details	Restrict access to the textbox and button for mass applying comments to System Administrators and Analysts

Release 7.1 Features

Category	Sub-Category	Change
Functionality	Security	Add email notification when records are deleted from SPARQ
Functionality	SPARQ User Account Details	Fix invalid SQL page Oracle Error in the User/Verifier access update
Functionality	Sub-Grantee Info	Move the title for the Sub-Grantee Info page down onto the page
Functionality	Sub-Grantee Info	Add introductory text to the Sub-Grantee Info page
Functionality	Sub-Grantee Info	Add an asterisk next to the Sub-Grantee Code field label on the Sub-Grantee Info page
Functionality	Sub-Grantee Info	Add a "Delete" button to the Sub-Grantee Info page when using the form to edit records
Functionality	Sub-Grantee Info	Add a note regarding required fields to the Sub-Grantee Info page
Functionality	Sub-Grantee Info	Modify the Sub-Grantee Info page to notify the user when a combination of Grantee Code and Sub-Grantee code is already in use by another record
Functionality	Sub-Grantee Info	Modify the Sub-Grantee Info page to notify the user when the Sub-Grantee Code is not valued
Functionality	Sub-Grantee Info	Modify the Sub-Grantee Info page to notify the user when deleting a Sub-Grantee Code that it is connected to an existing MET record
Functionality	Sub-Grantee Info	Add alt text to asterisks for required fields on Sub-Grantee Info page
Functionality	Sub-Grantee Info	Modify the Sub-Grantee Info page to notify the user when a sub-grantee is associated with a user account
Functionality	Sub-Grantees	Move the title for the Sub-Grantees page down onto the page
Functionality	Sub-Grantees	Add introductory text to the Sub-Grantees page
Functionality	Sub-Grantees	Change the "New Sub-Grantee" link on the Sub-Grantees page to an "Add Sub-Grantees" button
Functionality	Sub-Grantees	Change the "Met Data" link on the Sub-Grantees page to a "MET Data" button
Functionality	Sub-Grantees	Add a "Databases" button to the Sub-Grantees page
Functionality	Sub-Grantees	Add a "Grantees" button to the Sub-Grantees page
Functionality	Sub-Grantees	Add a "Sub-Grantees" button to the Sub-Grantees page
Functionality	Sub-Grantees	Revise the format of the table on the Sub-Grantees page to alternate the color of rows
Functionality	Sub-Grantees	Revise the headers of the table on the Sub-Grantees page to sort and to include a sort arrow icon
Functionality	Sub-Grantees	Fix system error when clicking parent link
Functionality	Sub-Grantees	Add alt text to column headers on the Sub-Grantee page
Functionality	Sub-Grantees	Add alt text to the buttons on the Sub-Grantee page
Functionality	Sub-Grantees	Add alt text to the text fields on the Sub-Grantee page
Functionality	Verify Exit Reason Other	Restrict access to the "Verify Exit Reason Other" field to System and Grantee Administrators
Functionality	View Participants Approved to Transfer to Another Grantee	Add a "Comments" column to the table of participants for viewing comments
Functionality	View Participants Approved to Transfer to Another Grantee	Restrict access to the "Comments" column to System Administrators and Analysts
Functionality	View Participants to Change Sub-Grantee	Add a "Comments" column to the table of participants for viewing comments
Functionality	View Participants to Change Sub-Grantee	Restrict access to the "Comments" column to System Administrators and Analysts

Release 7.1 Features

Category	Sub-Category	Change
Functionality	View Participants to Transfer to Another Grantee	Add a "Comments" column to the table of participants for viewing comments
Functionality	View Participants to Transfer to Another Grantee	Restrict access to the "Comments" column to System Administrators and Analysts
Functionality	WDCS	Revise the UE Screen transitions to Follow-up
Management Reports	WDL	Add termination letter due date to WDL report
Management Reports	WDL	Revise sort order logic for the details
Management Reports	WDL	Revise measure order for the summary table
QPR	Community Service	Show "N/A" in E1 when QPR is processed prior to the end of the report period
QPR	Number of Hours of Training	Show "N/A" in B11 when QPR is processed prior to the end of the report period
