

Changes in SPARQ Release 7.9

This release focused on changes to the Data Validation Process, the QPR Median Earnings Measure (item E6 on the QPR), and the Management Reports.

The sections below outline the changes made to the aforementioned areas:

Data Validation Process

This process has been revised to include self-employed individuals in the performance sample set.

QPR (E6) Median Earnings Measure

The calculation for this measure, (E6) now includes self-employment placements.
