

Changes in SPARQ Release 6.9

Edits

- The edit message for E6.b-2 was revised to clarify the 30 days between Date of Exit and Date of Termination Letter.
- The edit that indicates a participant is beyond durational limit was renumbered from A13-15 to E7-12.
- New edit added to require “Is employer a host agency” be valued.
- New edit added to require “Substantial service provided by the sub-grantee” be valued.

CSS Edits

- To ensure better quality data entry in SPARQ several edits have been added to the system. Click [CSS Edit](#) to view all the edits related to CSS. Verify boxes were added to certain fields that will enable Grantee Administrators to override the new CSS edits when necessary.

Label Changes

- Changed label to remove “or address field 1” / “or address field 2” for the following:
 - Host Agency Contact Organization
 - Host Agency Contact Street
 - Supervisor Organization
 - Supervisor Street
 - Training Provider Contact Organization
 - Training Provider Contact Street
 - Employer Contact Organization
 - Employer Contact Street
 - Employer Supervisor Organization
 - Employer Supervisor Street

Other

- Waiver of Durational Limit and Most In Need/Waiver Factor Actions Reports– Revised “Date Expected to Reach Durational Limit” in the details to display “N/A -- Currently on Approved Break” for participants with an open break record.
- Participants Who Have Reached Durational Limit Report – Added a warning regarding the accuracy of the calculations when there are outstanding rejects.
- The edits on fields P14, Total includable family income, and P15, Family income at or below 100% of poverty level, were revised to reflect the 2016 Poverty Guidelines.
