## Release Notes – Hotfix 1.9.2

---

**Release Date: July 28, 2023**

The GPMS Hotfix Release 1.9.2 addresses bugs discovered during the previous release.

### Fixes

- The header information is now populated on the QPRs for grantees/sub-grantees that have no activity for the quarter.
- Users should no longer receive an error message when clicking the **Generate Internal QPR** report link.
- The status of records that were locked after an exit occurred, has been changed to Exited-Closed.
- The issue with users encountering UI error messages on multiple pages has been resolved.

### Known Issues

- None.
